(First Name),

We are delighted to confirm your enrollment in the Ambition Challenge! The program officially starts on September 17, 2021.

This unique professional development program will help you reinforce behaviours that are essential to your professional growth—be it confidence, risk management or the ability to exert influence on your network—all in the company of world-class business leaders.

Full details of the program and its schedule can be found in the [Program Guide](#). We recommend that you add the key dates to your agenda right away.

You will receive an official email from The A Effect at the beginning of September inviting you to access the learning platform. During this pre-launch period, you will be asked to begin thinking about your ambition and the professional challenge that you wish to take on.
